Library News

ISD's Main Library welcomed students and staff to a newly re-carpeted facility. Librarian Linda Canty recently announced that a CD-Rom Workstation, along with software valued at over $2,000 has been added to the library's resources. The workstation was made possible through the efforts of the Central Indiana Area Library Service Authority and member libraries, including ISD's library. The software was donated by the Indianapolis Foundation. The foundation also donated $4,000 for the purpose of upgrading the library's high school level reference materials. Mrs. Canty is currently being trained to operate the workstation, and will in turn train teachers and students to use the equipment. Mrs. Canty stated that she hoped everyone would come to appreciate, and stay to use the newly revitalized library.

Parents and Staff:

If you don't yet have a new green parking permit, please stop at the guard house and pick one up - Greg Wright, Security Chief

BIBI Thought for the Week:

"The Language must be learned through spontaneous, natural *communication*, not primarily through teaching. ASL lessons for Deaf children won't be enough. There must be real communication, interaction, fun, games, stories - everything that kids like to do with language -and lots of it."

Alumni Association Update

The Indiana School for the Deaf Alumni Association (ISDAA) Landmark Committee has been meeting regularly for over two years. Committee Chair David Reynolds recently said "much has been accomplished - more remains to be done." Reynolds explained that as the projects, goals and responsibilities of the committee have increased, more subcommittees have been formed to address the additional areas. He went on to say that the Landmark Committe is undergoing reorganization currently in an attempt to increase efficency and more clearly delineate responsibilities.

Landmark Committee subcommittees include: ISD Historical Museum, Campus Renovation and Restoration, Sesquicentennial Banquet and Reunion, Sports Hall of Fame, Awards, Recognition, and Fundraising. The Landmark Committees is activly seeking volunteers to serve on the subcommittees. A flow chart detailing current membership of all the subcommittees will be distributed soon.

The Museum Subcommittee has continued collecting historic photos and furniture over the summer. Members are still seeking donations to be placed in the museum collection. Fundraising efforts are ongoing, over $600 was raised at the donation, or for more information. Alumni, Parents and Staff are all welcome to join.

Learning Resource Center Announcements

ISD's Learning Resource Center (LRC) has announced plans to organize a resource file accessible to all staff members. The file would catalog resources, both public and private, available for loan to ISD staff, including names and addresses of resources from outside the school (such as the Children's Museum).

LRC Director, Judy Cass, said "We need your help. If you have items of your own that you are willing to loan, please send a list. If you know of good outside resources, send us that information also." Cass stated that the LRC plans to publish resource lists periodically in the Campus Bulletin, and encourages staff members to visit the Center, located in Alumni Hall, Room #225.

In response to many inquires, Cass has announced that plans for staff ASL classes are presently in the formative stage. She will publicize news of any ASL classes outside ISD, and encourages staff members to contact her if they know of such classes being offered.

FYI

Teachers and Educational Staff - When returning materials to the Learning Resource Center, always include your name and the date with the items.
